A telephone conference was held with the parties on February 6, 2012. The parties advised that they were generally on track in this case. The Plaintiff's deposition had to be continued because of medical difficulties she was having, but they anticipate it will be completed without difficulty.

At the present time the parties do not see the need for any adjustment to the scheduling order. The parties are advised that the Magistrate Judge stands ready to assist with alternative dispute resolution at their request at any time.

It is so **ORDERED**.
